TEACHERS' DAY CELEBRATIONS 06-09-2025

The Teachers' Day celebration held on September 5th at the college was a memorable event marked by joy, respect, and heartfelt appreciation. The program began with the garlanding of Dr. Sarvepalli Radhakrishnan's statue in the botanical garden, paying tribute to his remarkable contributions to education. Organized by the NSS unit and students, the celebration aimed to honor the invaluable role of teachers. The event opened with a warm welcome speech, followed by inspiring addresses from the Principal **Dr.R.Venugopal**, and Vice Principal **Dr. M.Bhaskar Raju**, who spoke about the noble role teachers play in building an educated and ethical society. **Dr. Ravi Varma**, Retired Lecturer in Commerce, was invited as the Special Guest and was felicitated as a token of gratitude for his dedicated service. Students expressed their gratitude through touching speeches and personal anecdotes that reflected the deep impact teachers have had on their lives. Teachers were felicitated for their dedication and commitment to nurturing young minds.

A special moment of pride was the felicitation to the **State Best Teacher Awardee Dr.M.Bhaskar Raju**, Lecturer in Political Science of our college. He was honored with a shawl and memento, while the Principal praised his outstanding achievement and for bringing recognition to the college. The program concluded with a vote of thanks and refreshments, leaving everyone with a renewed sense of admiration and gratitude towards the teaching community.

The Principal and staff garlanded and paid homage to Dr. Sarvepalli Radhakrishnan

WORLD OZONE DAY CELEBRATIONS 15.09.2025

September 16, 2024, marked the celebration of **World Ozone Day** at Government Degree College (A), Nagari. The **Department of Botany** and the **Eco Club** combined to lead the event, emphasising the importance of ozone layer protection.

The occasion highlighted the theme "Montreal Protocol: Advancing Climate Actions," focusing on the significance of the Montreal Protocol in healing the ozone layer and mitigating climate change. The event aimed to raise awareness among students about ozone layer depletion, its consequences, and individual actions to protect the environment

Green Initiative

As part of the World Ozone Day celebrations, students actively participated in a plantation drive, planting various saplings in the newly developed garden near the New Seminar Hall. This initiative aims to promote environmental sustainability and enhance the college's green cover.

Dr M. Aruna Kumari, Eco Club Coordinator, and **Dr A. Indira Priyadarsini**, Charge, Department of Botany, took the active initiative in the programme. Principal **Dr R. Venugopal**, Faculty members **Dr A. Indira Priyadarsini**, **Dr M. Aruna Kumari**, from the Department of Botany and **Dr G. Swathi** from the Department of Zoology actively participated in planting the saplings.

As part of the World Ozone Day celebrations, students enthusiastically participated in drawing competitions, showcasing their creativity and awareness about ozone layer protection. Prizes were distributed to the winners by our Principal, **Dr R. Venugopal**, encouraging the students to continue their efforts in environmental conservation.

DEPARTMENT OF POLITICAL SCIENCE FIELD TRIP - 18.09.2025

On 18th September 2025, III BA students from the Department of Political Science visited the **DSP Office, Nagari and Police Station, Nagari**, accompanied by faculty members. At the DSP Office, the students interacted with the Deputy Superintendent of Police (DSP), who explained the organizational structure, powers, and duties of the police department. The officer also highlighted the importance of community policing, the use of technology in investigation, and citizen-friendly policing initiatives. Later, at the Police Station, students observed the records section, control room, and FIR registration process. The Station House Officer (SHO) briefed the students on the day-to-day functioning of the station, crime prevention measures, and the coordination between police and judiciary.

Outcome of the Visit:

The field trip enhanced students' understanding of the practical aspects of law enforcement and the criminal justice system. It also motivated them to take

interest in public administration, law, and civil services.

Conclusion:

The visit to the DSP Office and Police Station, Nagari, was highly informative and interactive. Students gained valuable insights into the functioning of the police system and its significance in maintaining democratic order.

DEPARTMENT OF PHYSICS
NATIONAL SPACE EVOLUTION DAY
19.09.2025

Objective:

The program aimed to commemorate Space Revolution Day by highlighting the historical, current, and future advancements in space technology, fostering awareness among students about India's contributions to space exploration, and encouraging active participation through exhibitions and presentations.

Program Highlights:

The event commenced with inviting Dr. R. Venugopal, Principal of the college, marking the formal inauguration.

- Dr. R. Venugopal delivered an insightful address on the evolution of space technology in India, tracing its journey from the launch of Aryabhata in 1975 to contemporary achievements.
- Dr. M. Bhaskara Raju, Vice-Principal, emphasized the significance of the space revolution in the modern scenario, underscoring its impact on science, economy, and global positioning.
- Dr. A. Indira Priyadarshini, IQAC Co-ordinator, spoke on the historic milestone of Laika, the dog sent into space by the Soviet Union in 1957, highlighting early experiments in space biology.
- Dr. T. Suhasini, Coordinator and Head of the Department of Physics, provided a comprehensive overview of the past, present, and future prospects of space technology, inspiring the audience with visions of upcoming innovations.

An interactive exhibition was also conducted as part of the program, featuring 20 poster presentations by students on various aspects of the space revolution. The

entire student body of the college participated enthusiastically, actively engaging with the displays and gaining hands-on exposure to space-related concepts.

Participants:

- Chief Guests/Speakers: Dr. R. Venugopal (Principal), Dr. M. Bhaskara Raju (Vice-Principal), Dr. A. Indira Priyadarshini (IQAC Co-ordinator), and Dr. T. Suhasini (HOD, Physics).
- Faculty Participants: Dr. Girish Kumar, Dr. Aruna Kumari, Smt. Uma Maheshwari, and all other faculty members from the Department of Physics.
- Students: All college students, with active involvement in poster presentations and exhibition viewing.
- Vote of Thanks: Proposed by Dr. B. Ramesh, Lecturer in Physics, who expressed gratitude to all participants, speakers, and organizers for making the event a success.

Outcome and Feedback:

The program was a resounding success, with enthusiastic participation from students and faculty. It successfully promoted scientific curiosity and awareness about space exploration. No issues were reported, and the event concluded on a positive note, reinforcing the college's commitment to educational initiatives in physics and related fields.

DEPARTMENT OF COMPUTER SCIENCE SWARNA ANDHRA SWACHH ANDHRA - "GREEN AP" - 20.09.2025

The Government of Andhra Pradesh has launched **Swarna Andhra** and **Swachha Andhra** programmes to promote environmental sustainability, community cleanliness, and agricultural development. As part of these initiatives, several awareness and practical activities were conducted at **Government Degree College (A), Nagari** to encourage students and citizens to actively participate in building a cleaner and greener Andhra Pradesh. As per the guidelines given by the CCE, the theme of the September month is "**GREEN AP**", focusing on creating

awareness about eco-friendly practices and sustainable living.

The Programme was successfully conducted at Government Degree College (A), Nagari, on 20th September 2025 under the able guidance of Dr. R. Venugopal, Principal, Dr. E. Gopi, NSS Officer and actively participated by the Teaching staff, Non Teaching staff and Students. This programme was also led by the Department of Computer Science to motivate and encourage all students of the college.

Activities Conducted:

1. **Plantation Drive** - Tree saplings were planted on the college campus to create a greener environment.
2. **Terrace Gardening** - Demonstrations were given on growing vegetables and plants on terraces to encourage organic farming.
3. **Home Composting Workshop** - Awareness sessions were organized to show how household biodegradable waste can be turned into compost.
4. **Mixed Intercropping Awareness** - Awareness sessions were organized to explain the benefits of mixed intercropping for sustainable agriculture.

A total of **200** students enthusiastically participated in the programme, working alongside **25** staff members. The Principal, Dr. R. Venugopal, appreciated the sincere efforts of the students and staff and motivated everyone to continue spreading awareness on cleanliness and environmental conservation.

Conclusion:

The *Swarna Andhra Swachh Andhra Programme* at GDC (A), Nagari, concluded with the theme **Green Andhra Pradesh**, which proved to be a remarkable success. The collaborative efforts of the Principal, NSS Officer, faculty, and students showcased their dedication towards building a **clean, green, and sustainable Andhra Pradesh**.

5-Day Capacity Building Programme on “Bridge the Gap: Communication Skills for the AI Enabled World” 23-09-2025 to 27-09-2025

The Department of English organized a **5-Day Capacity Building Programme** titled **“Bridge the Gap: Communication Skills for the AI-Enabled World”** to help students improve communication skills with the support of AI tools from 23rd September 2025 to 27th September 2025. The programme was formally inaugurated in the presence of the Principal **Dr. R. Venugopal**, faculty, and students.

Day 1 introduced the basics of communication. Students enjoyed *Emoji Charades* and a mini talk on *“Human vs AI: Who communicates better?”* They compared AI-generated polite responses with human styles.

Day 2 focused on voice and tone. Students practiced tongue twisters, recorded self-introductions, and checked their clarity using AI tools, along with peer feedback.

Day 3 highlighted written communication. Activities included spotting errors in emails, drafting a leave request, and playing *“Fix It Fast”* with the help of Grammarly and ChatGPT.

Day 4 trained students in group communication. They joined a virtual meeting, planned a mini college fest using online boards, and played the *“Yes, And...”* game to build ideas.

Day 5 was on presentations. Students prepared Canva slides on *“Why Communication Skills Matter in 2025”* and joined *Best Presenter Awards*, with both peer and AI feedback.

At the valedictory session, the Principal, **Dr. R. Venugopal**, stressed the relevance of communication in the AI age. **Academic Coordinator, Dr. P. Maheswari** advised students to use AI wisely for success and not in ways that may harm their careers. The efforts of the English faculty were appreciated for organizing such a useful and timely programme.

DEPARTMENT OF ENGLISH EXPERT LECTURE 25.09.2025

The Department of English organized a Guest Lecture on **25-09-2025** by inviting **Dr. B. V. R. Prasad**, a senior retired lecturer from SVS GDC, Srikalahasti. He enlightened the students on the topic *"Simple Means to Rectify Common Errors in English."* In his introductory talk, the resource person emphasized that every student must develop three essential skills—Communication Skills, Computer Skills, and Soft Skills—to excel in academic and professional life.

The Principal, **Dr. R. Venugopal**, in his address, highlighted the importance of English language proficiency to face the challenges of the global market. **Dr. M. Bhaskar Raju**, the Vice-Principal, advised the students to follow the valuable suggestions given by the guest speaker.

Faculty members of the Department of English **Dr. M. Revathi** delivered the introductory message about the programme to the students and **Dr. M. Pankaja**, briefed with her concluding remarks. Students shared their feedback, expressing that the session was informative and beneficial. The event concluded with a vote of thanks proposed by the student volunteers.

The programme was anchored and well-coordinated by the English Club students — G. Risitha, E. Gayathri, A. Kiruthika, and Dhanalakshmi from II B.Sc. Chemistry, and Mr. Janeesh from II B.Sc. Botany — who efficiently took up the responsibility of organizing and hosting the event.

Faculty **Dr. M. Pankaja** welcoming the guests and **Dr. M. Revathi** briefing the topic to the participants

Industrial Tour to Ooty by Departments of Commerce and Computer Applications - 25-9-2025 to 26-9-2025

The Department of Computer Applications and The Department of Commerce, Government Degree College (A), Nagari, Chittoor Dt., had organised a two-day Industrial Tour to Ooty for the final year students from 25-9-2025 to 26-9-2025. 46 students and 7 faculty members participated in the tour.

The tour included visits to the Tea Industry and a chocolate manufacturing unit, where students observed various stages of material processing, production methods, and quality control techniques. The visit provided valuable practical exposure that complemented theoretical learning, enhancing understanding of industrial operations, entrepreneurship, and small-scale industries.

In addition to industrial exposure, students explored Ooty's scenic locations to understand the role of tourism in regional economic development. As part of the academic enrichment, students engaged in multi lingual digital storytelling and digital content creation, documenting their experiences through photos, videos, and short narratives. These digital outputs were later compiled into a multimedia presentation to showcase learning outcomes and creative reflections of the tour.

Overall, the industrial tour served as an effective blend of experiential learning, digital creativity, and professional exposure, fostering both academic and technological competencies among students.
