WORLD ENVIRONMENT DAY

05. 06.2023

World Environment Day was conducted on 5th June 2023 organised by the Department of Botany and Eco club with the aim to create awareness amongst students about the healthy environment and to create Pollution free, Plastic free environment. The World Environment Day celebrations were a resounding success, fostering a sense of environmental responsibility among students and staff. The event raised awareness but also encouraged concrete actions to contribute to ecosystem restoration.
