Report on seminar on
"Career Guidance in Computer Science " on 02-03-2023

The seminar "**Career Guidance in Computer Science**" was conducted on 02-03-2023 at the room number 123, and it was organized by the Computer Science department and Computer Applications departments of the GDC, Nagari. The main aim of the seminar was to provide students and professionals interested in computer science with insights into the various career opportunities available in the field.

Mr. Shaik Munwar, in-charge of Computer Science Department, welcomed the dignitaries and students participants.

Mr. Shaik Munwar, addressing the gathering.

Mr.E. Murali Mohan Reddy in-charge of B.Com(CA) has explained the objectives of the program.**Dr. R. Venugopal**, Principal of GDC, Nagari, appreciates the departments for conducting such programs and advised the students to utilize the seminar.

Dr. R. Venu Gopal, Princiapl of GDC, addressing the gathering**.**

Attendees:

The seminar was attended by approximately **60** student participants from B.Sc(MPCs) and B.Com(CA) branches. They were eager to learn about the latest trends and advancements in the field of computer science.

Keynote Speakers:

The seminar featured four keynote speakers who are experts in their respective fields of computer science. The speakers were Mr. P.Pawan, Mr. M.Vinay, Mr. Naresh Royal, and Mr. Javid Basha of Thopstech solution of bangalore.

Mr.P.Pawan discussed the importance of machine learning and its applications in various industries. He emphasized the need for professionals in the field to develop strong skills in programming languages such as Python, R, and Java.

Mr. M.Vinay spoke about the role of cybersecurity in the current digital landscape. He discussed the different types of cyber threats and the skills required to prevent and mitigate them. He also highlighted the increasing demand for cybersecurity professionals in the industry.

Mr. Naresh Royal shared his experiences working as a software developer in a multinational company. He discussed the importance of teamwork, effective communication, and continuous learning in the software development process.

Mr. Javid Basha talked about the various career opportunities available for women in computer science. He emphasized the importance of diversity in the workplace and discussed ways to attract and retain women in the industry.

Speakers interacting with participants

Panel Discussion:

The seminar also included a panel discussion featuring the keynote speakers. The panel discussed topics such as the importance of internships, the impact of emerging technologies on the job market, and the role of mentorship in career development.

Conclusion:

The seminar "Career Guidance in Computer Science" was a huge success. The attendees were able to gain valuable insights into the various career opportunities available in the field of computer science. The keynote speakers shared their experiences and provided guidance on the skills and knowledge required to excel in the industry. The panel discussion was also insightful and provided an opportunity for attendees to ask questions and engage in discussions with the experts. **Mr. K.G Ponnambalam**, Guest lecturer of Computer Science department has presented vote of thanks. Overall, the seminar was a great learning opportunity for everyone who attended.

THANKING YOU
